

Once upon a time, in an orchard of onions, lived
an owl named Ollie. Ollie loved to observe the onion
plants as they grew. One day, Ollie noticed that one
onion was out of place. He investigated and discovered
an odd creature - an ostrich! Ollie and the ostrich
became friends, and they spent many hours together,
enjoying the orchard. The onion farmer was surprised
to find an ostrich in his onions, but with Ollie's opin-

ion, he decided to let the two enjoy their time together.

And so, Ollie and the ostrich lived happily ever after

in the onion orchard.
